Total resonance contribution (13 resonances)

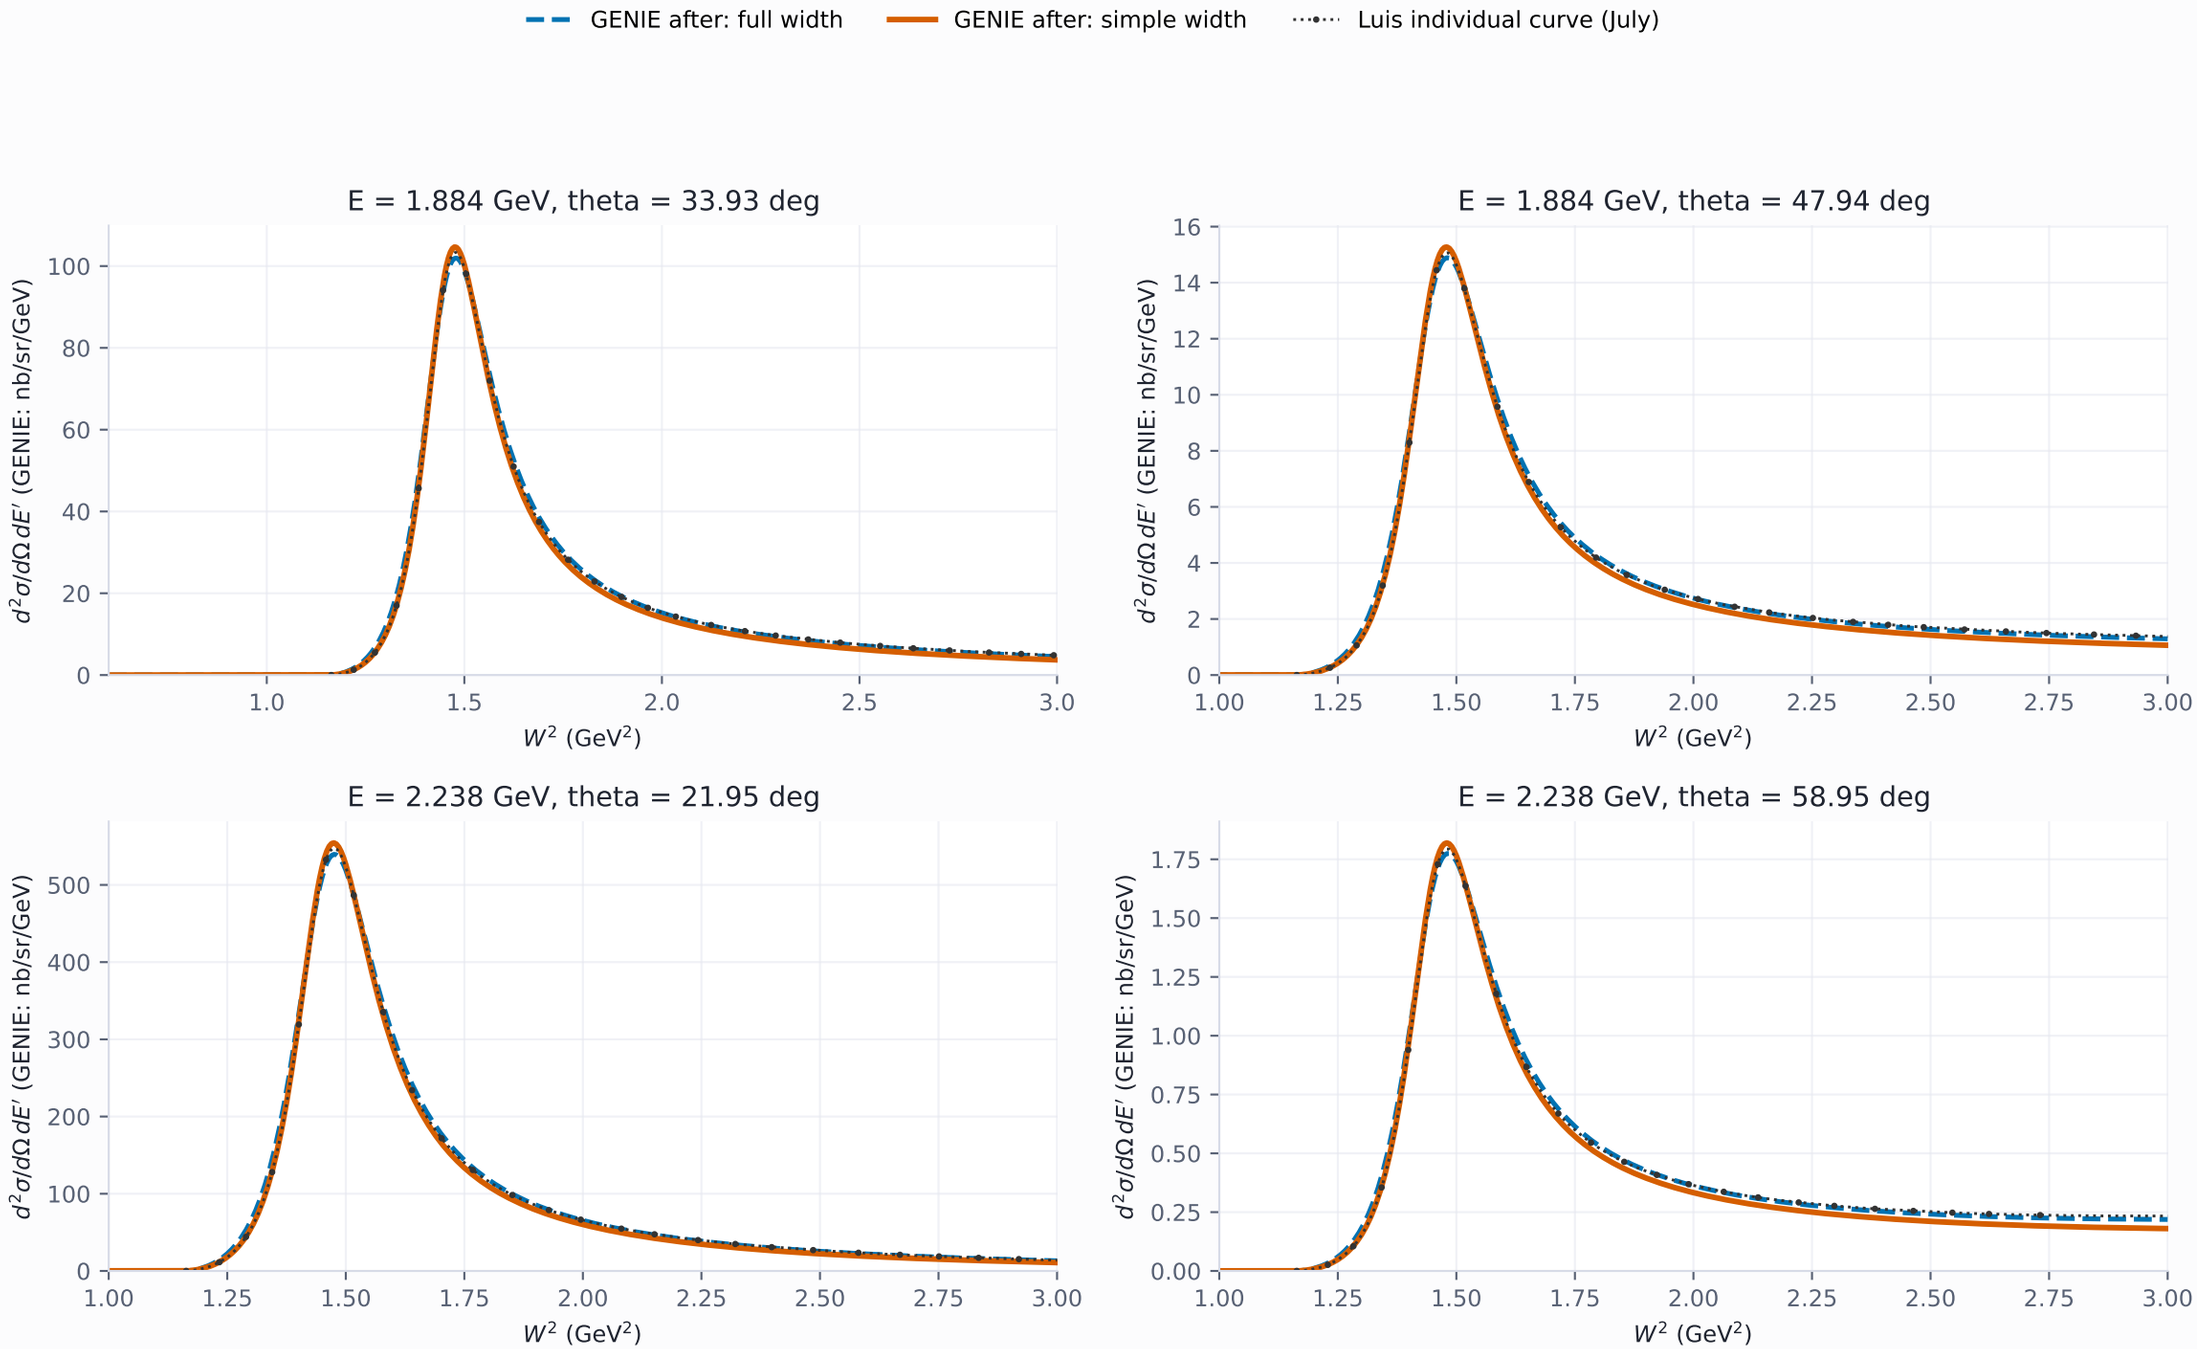

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.

P33(1232) contribution

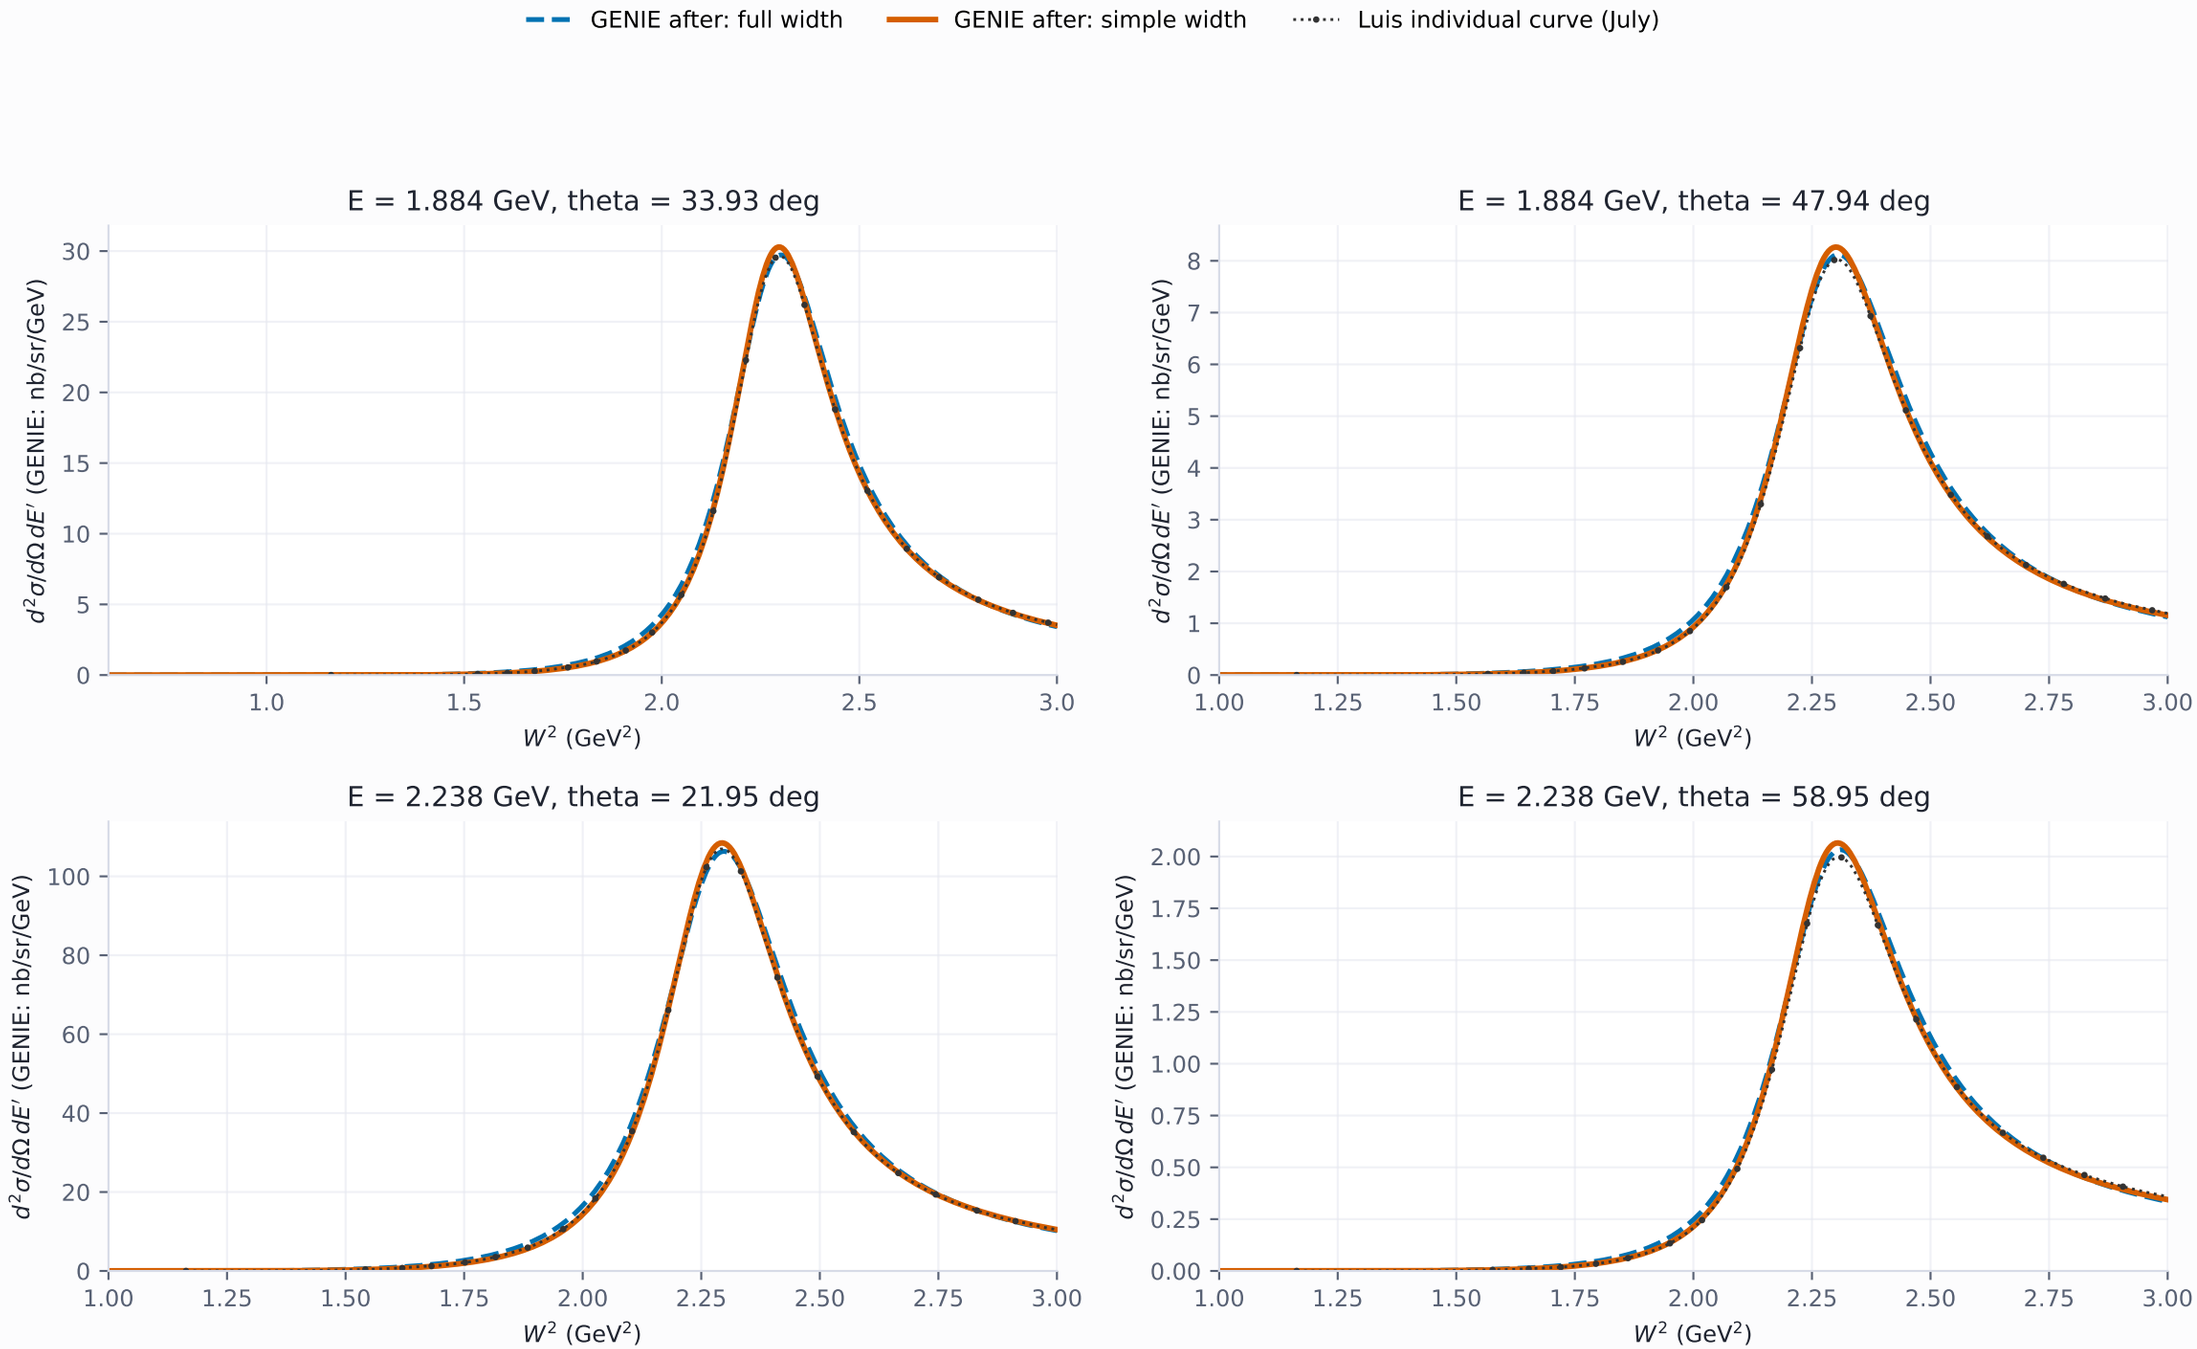

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.

D13(1520) contribution

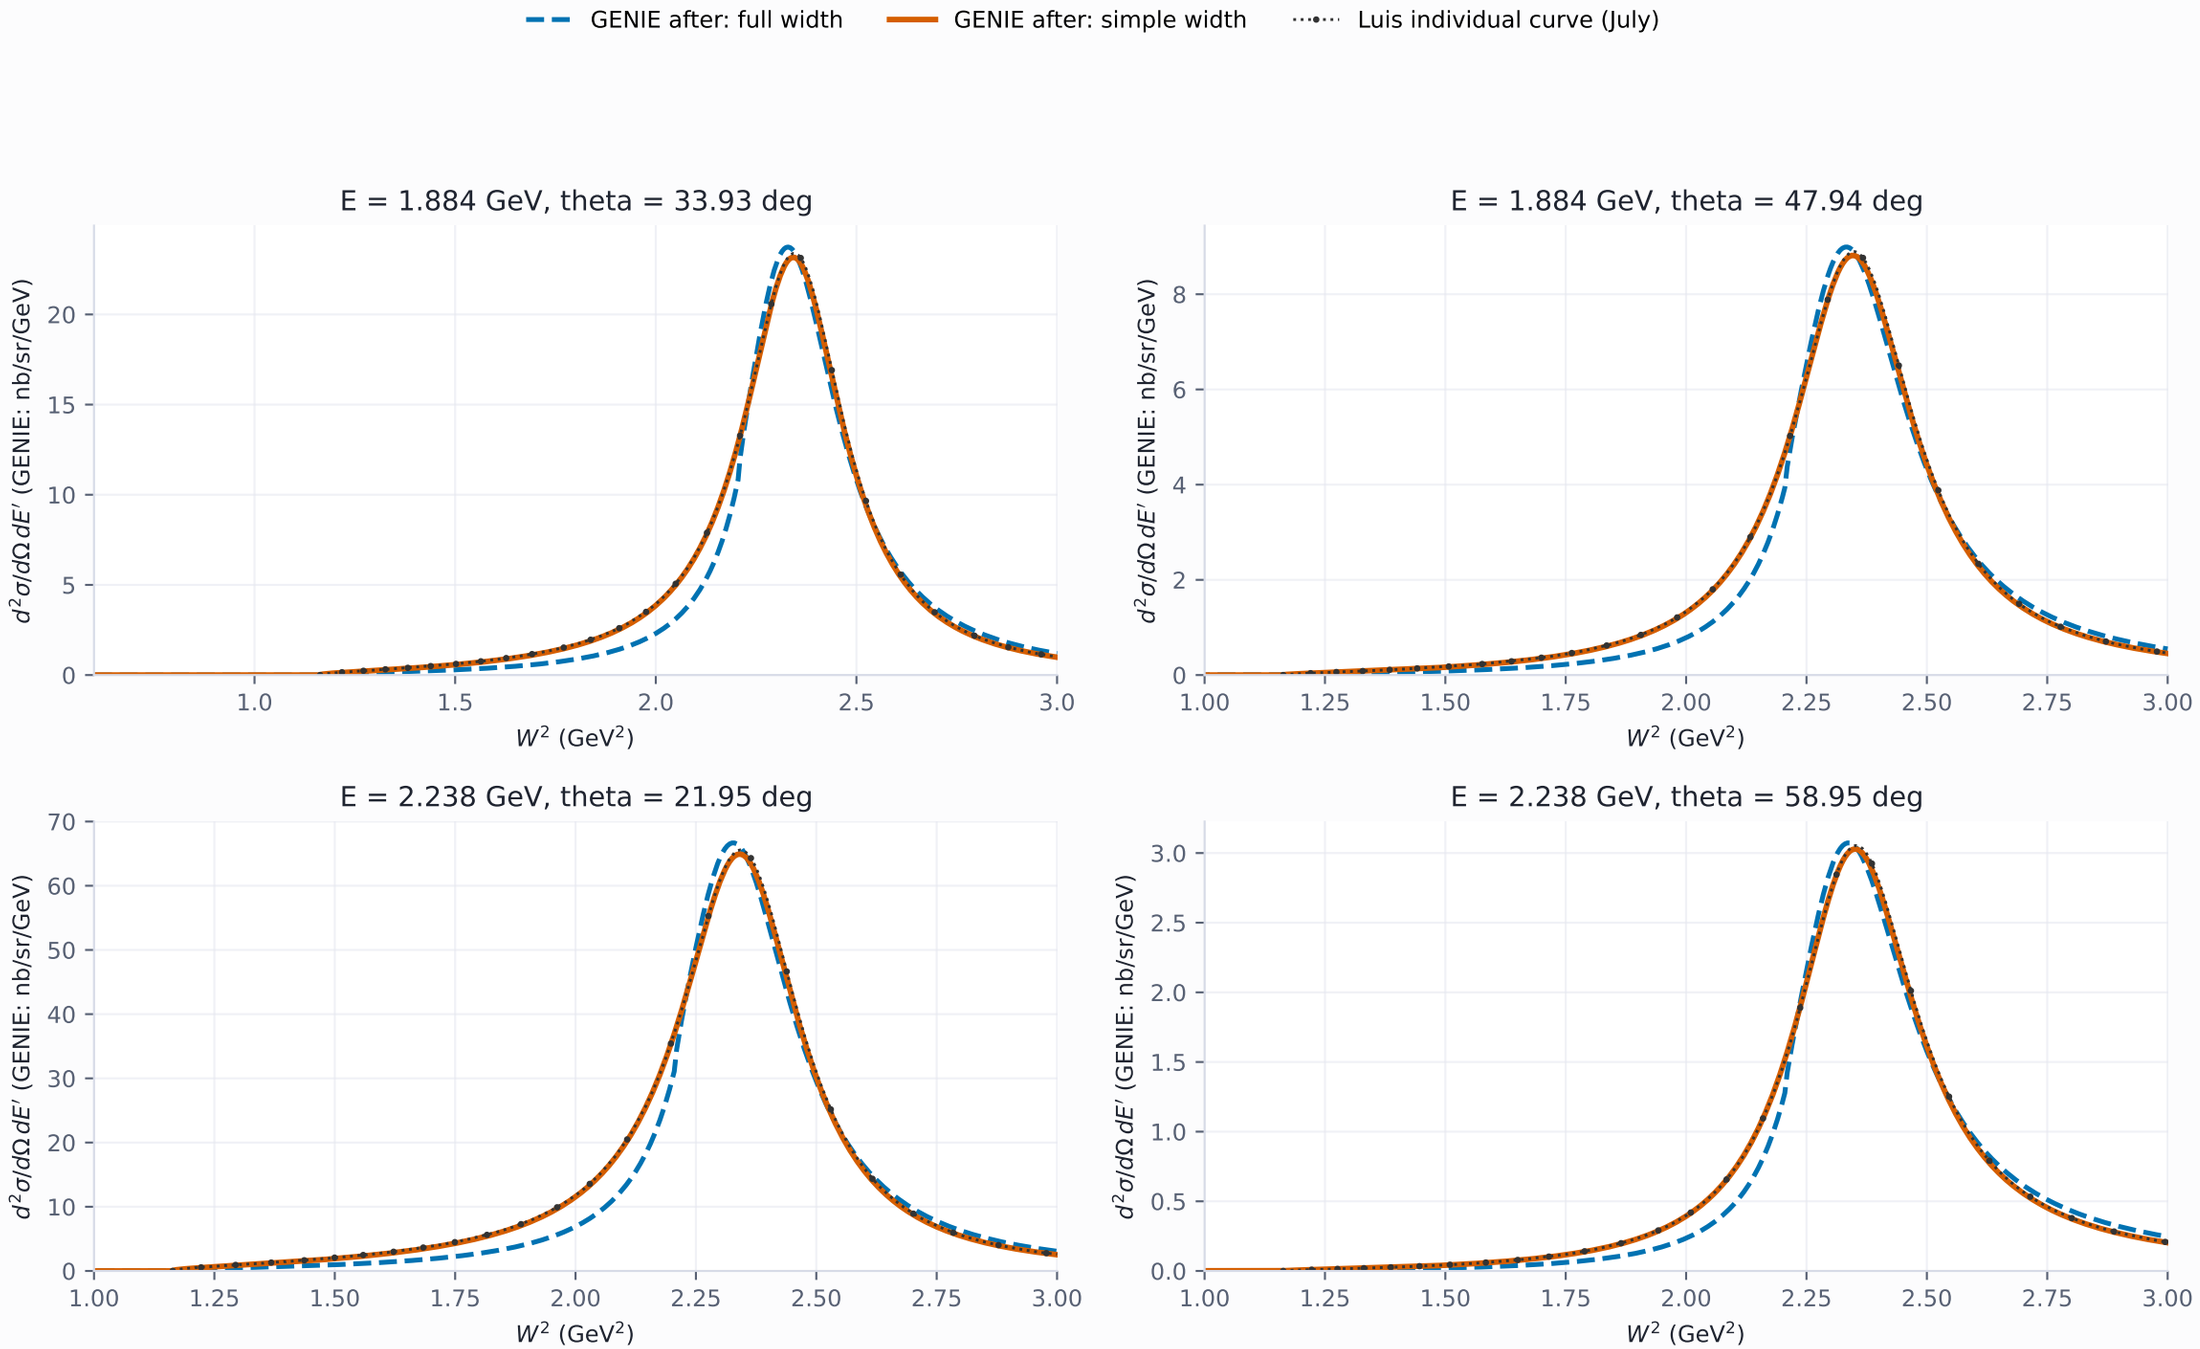

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.

S11(1535) contribution

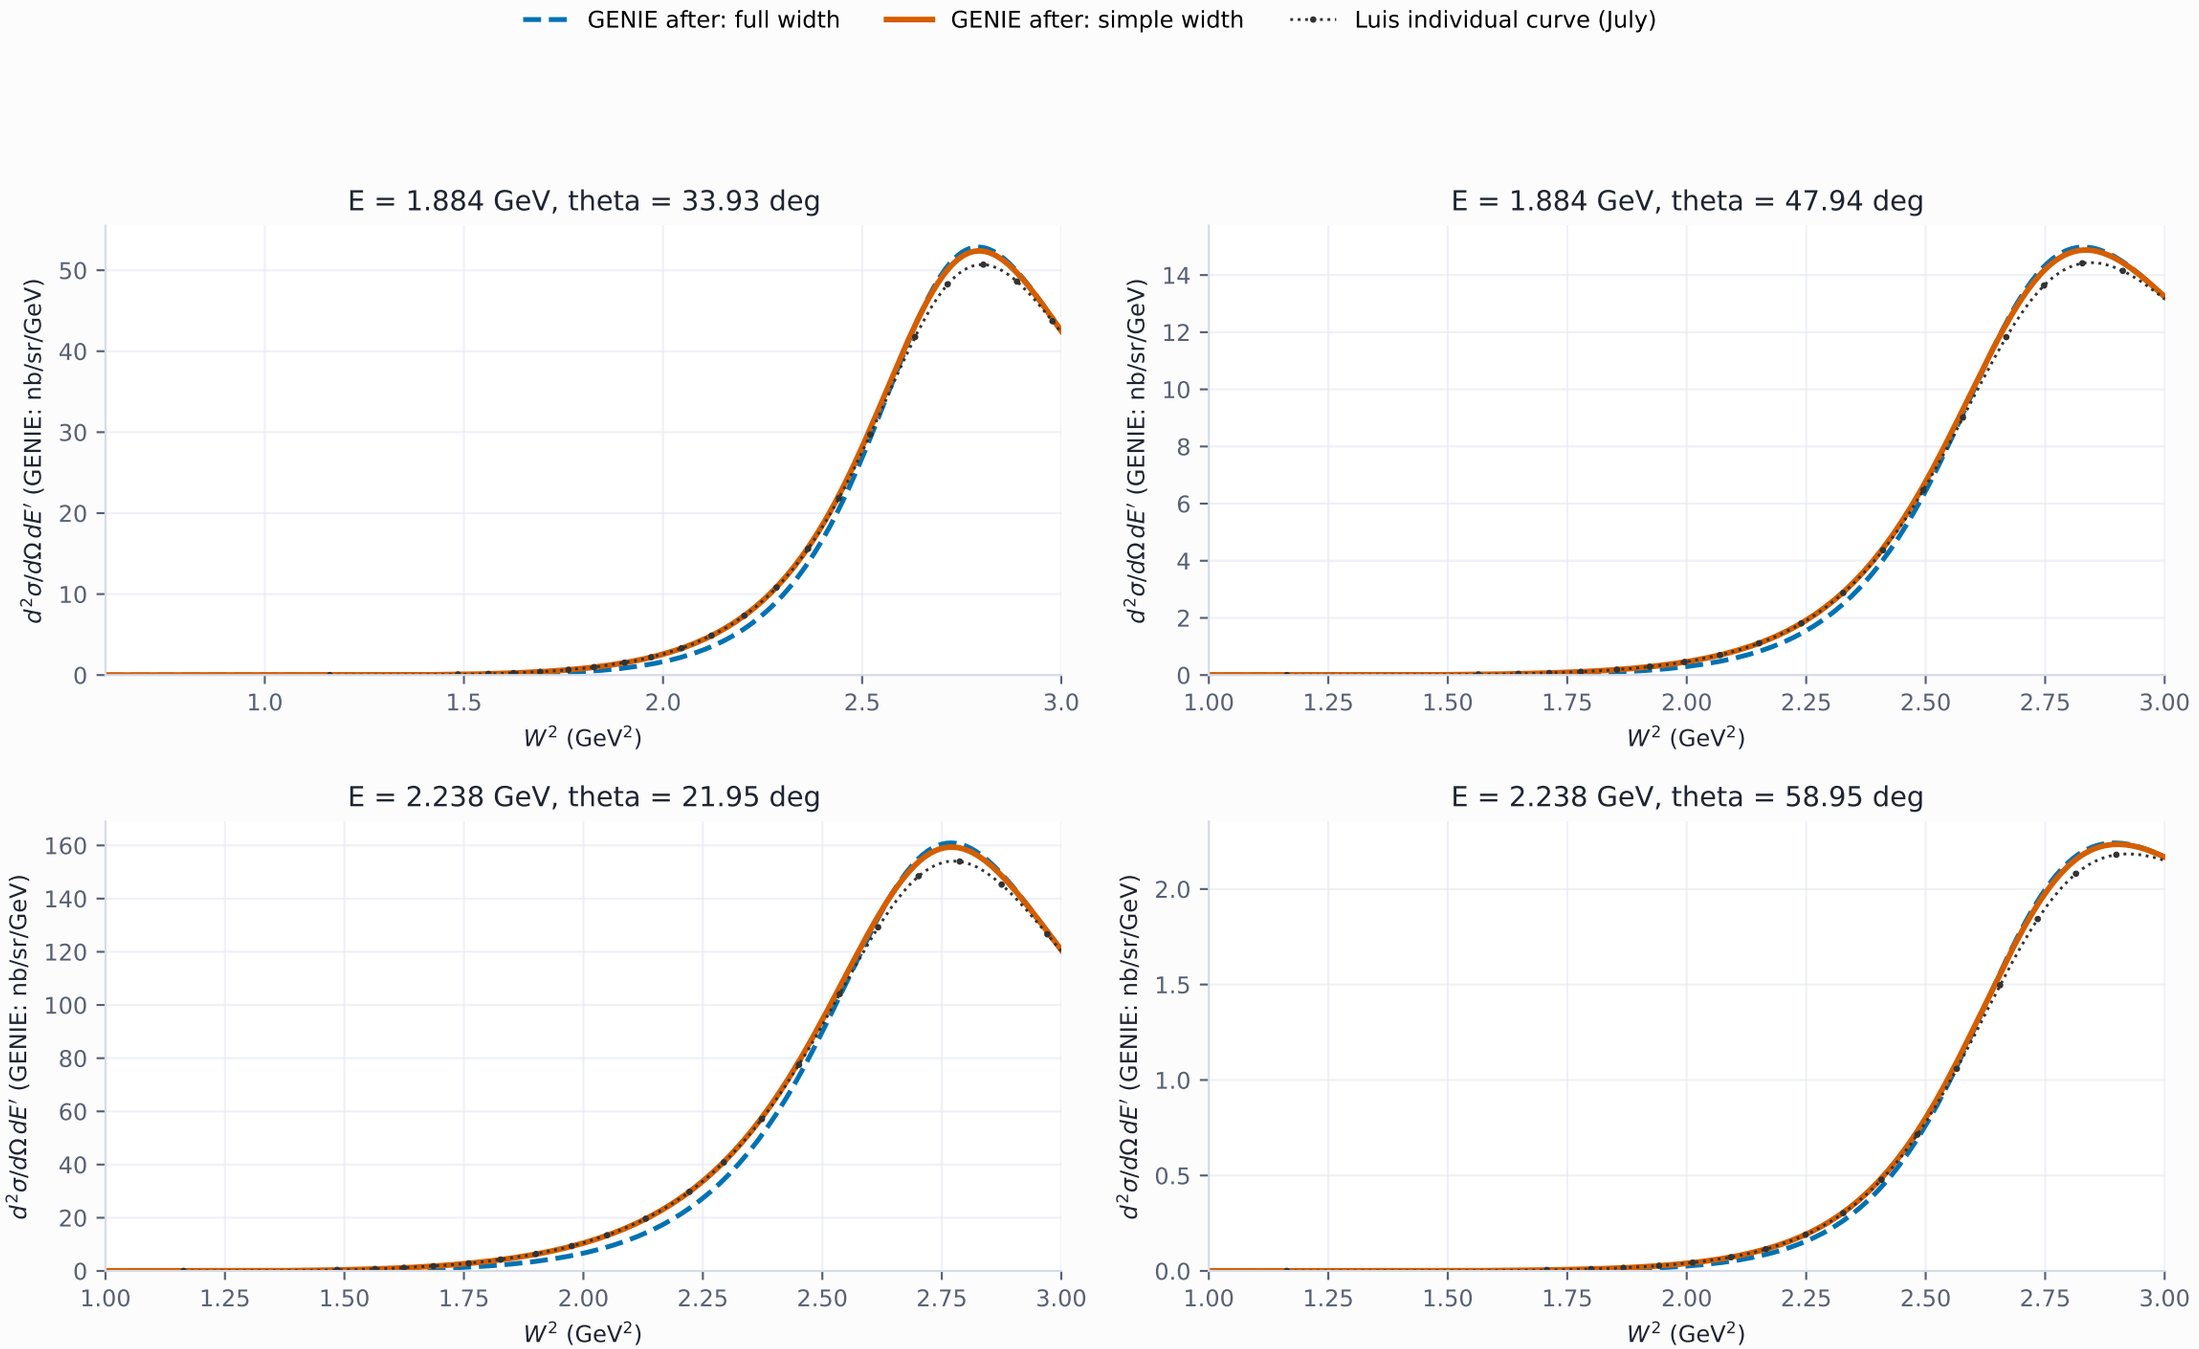

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.

D33(1700) contribution

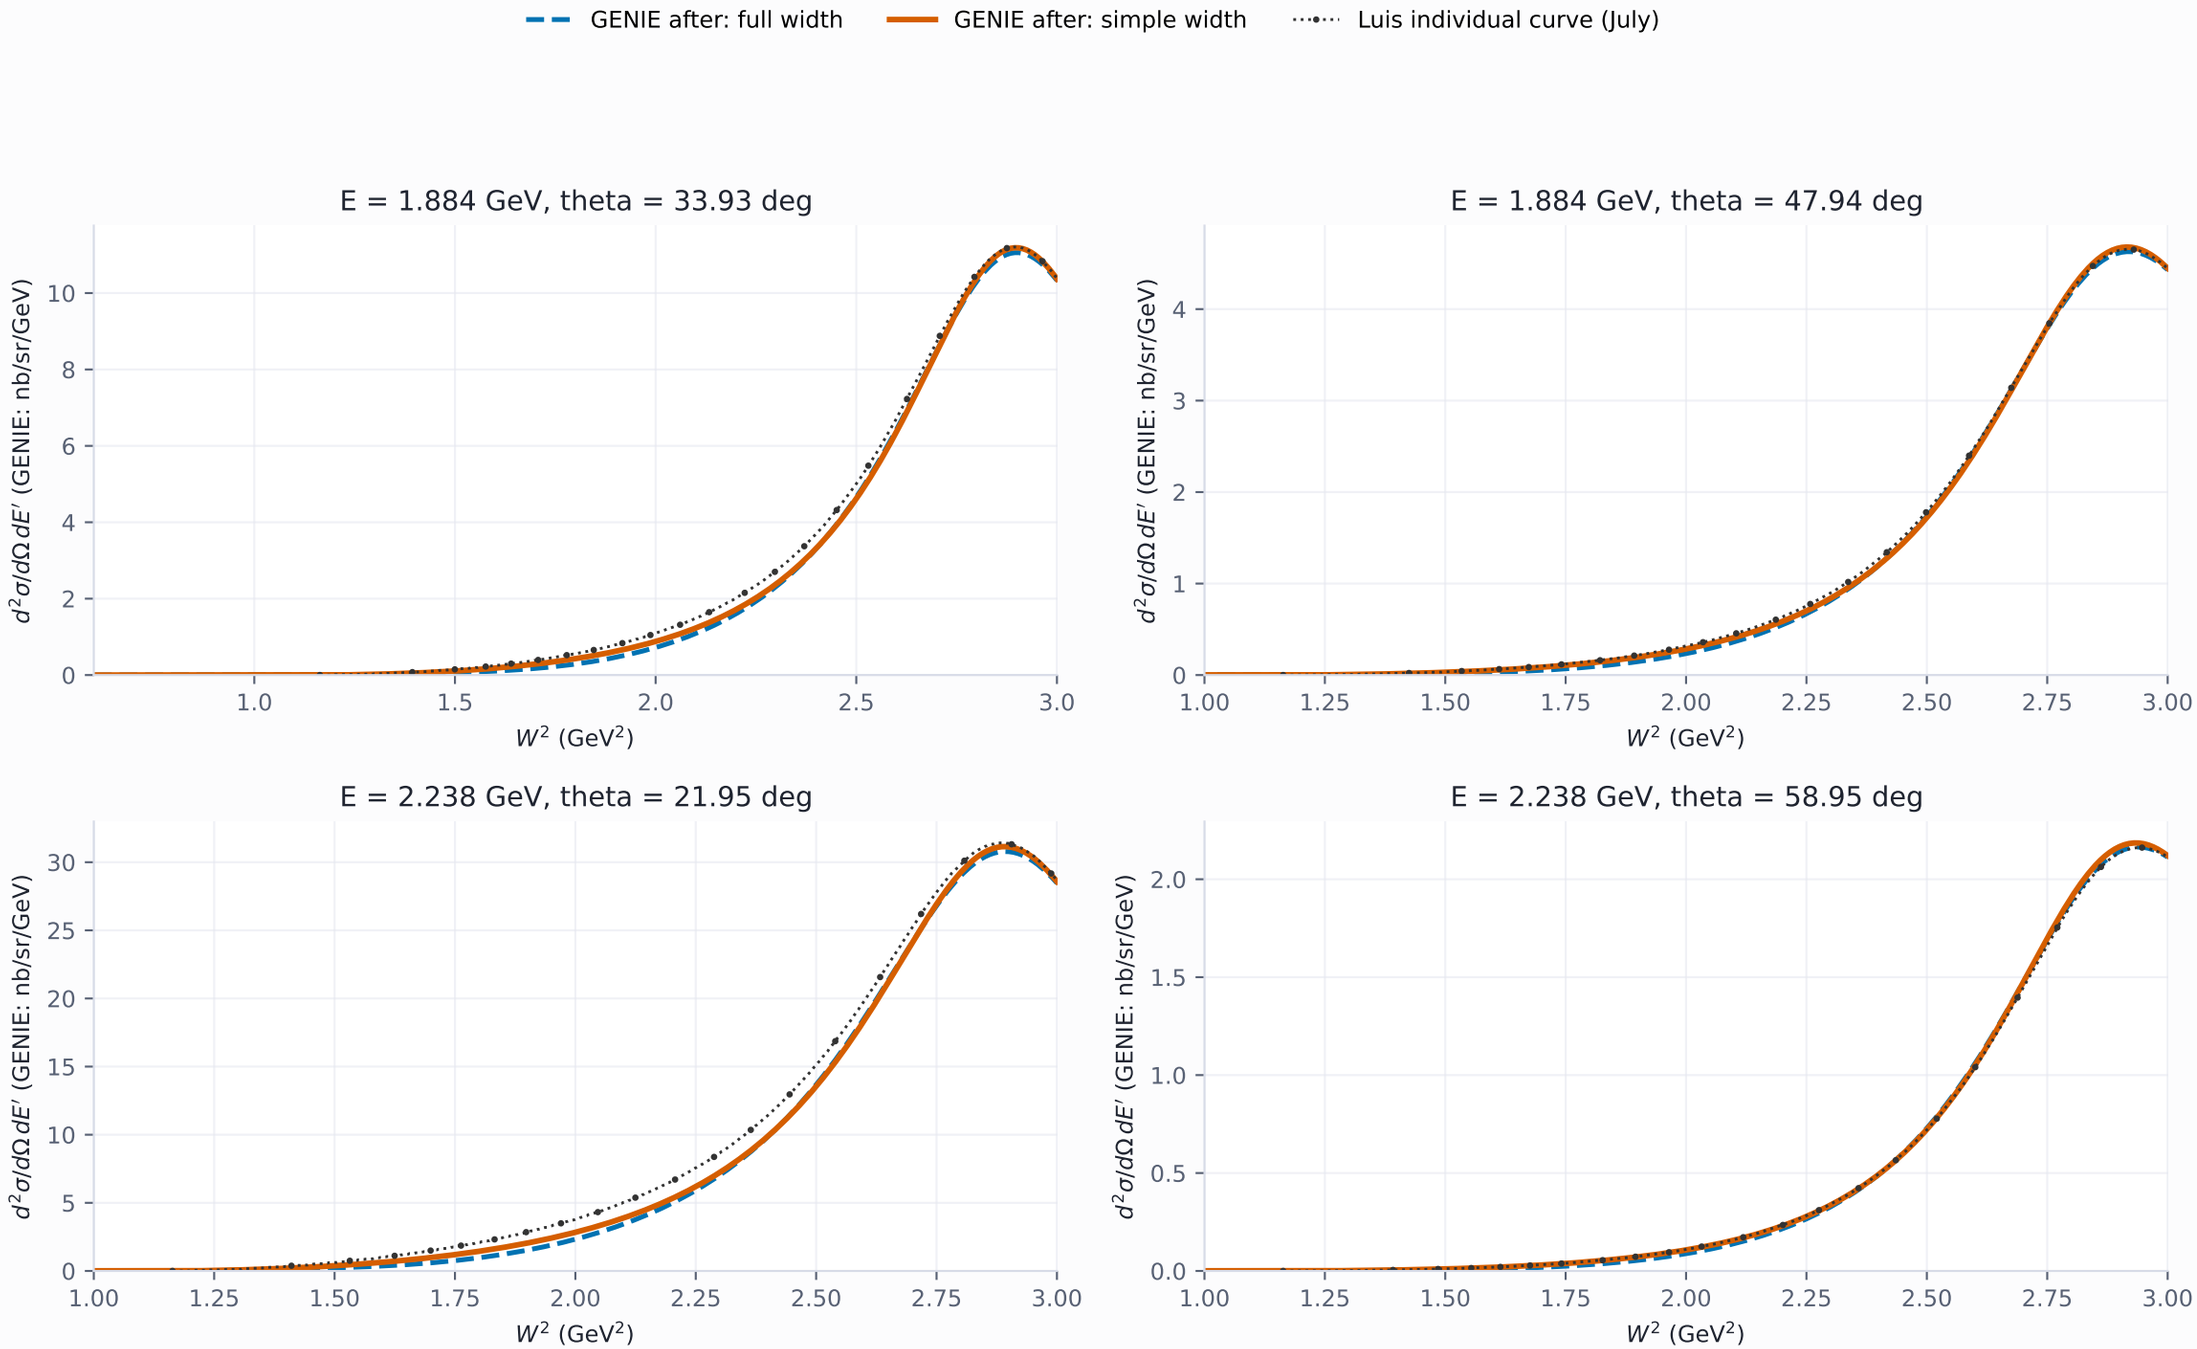

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.

P13(1720) contribution

Corrected MAID08, Delta amplitude scaling, pole-mass longitudinal momentum and no W cut in both GENIE variants.

Luis references: inclusive2d.pdf, 30 July 2026; individual width choice and ordinate units are not stated in the source.
